144:Wrath is a fast paced fantasy novel that borrows elements from Norse, Greek, and Native American myth and swirls them together into a completely new world full of warriors, magic, and draconic deities. It follows the quest genre, but focuses on characters and their struggles with fear, faith, hope, loss, and destiny. As Dallas E. Caldwellâ€™s debut novel, it sets the stage for the 2-book series and introduces readers to the world of Traesparin.
